

Project Assessed: Unit 31

Assessed by:

Date/Time	Location	Contact Email
Saturday 13 th October	Nailsea Skatepark	

Hazard Identified	Potential Harm	Initial Risk Level (H, M, L)	Actions to Lower Risk	New Risk Level (H, M, L)
Other Skateboarders	A busy skatepark means that when taking the pictures I will need to be out of the way	M	Shoot when the skatepark is at its emptiest	L
Bigger Ramps	The model may not be used to skating bigger ramps	M	Make sure the model is comfortable before shooting	L
Ledges	Ledges may be a crashing hazard for the model	L	Shoot away from the ledges unless a specific shot is needed	L
Stones	Stones or solid objects on the ramp may cause the skater to fall if they are hit	M	Sweep down the ramp before shooting	L
